MAGNUM ESTATES LIMITED
(FROM AQUACULTURE TO PROCESSING & EXPORT)

Background

Magnum Estates Limited has two EIC approved aquaculture projects in the district of Balasore, Odisha with total area of 80 hectares, producing healthy and antibiotic free prawns. The culture is carried out strictly as per the guideline of Aquaculture authority of India. The company is the sole Merchandiser of extruded prawn feed manufactured by Sheng Long Bio-Tech Int'l. Co. Ltd, Vietnam and achieved a turn over of INR 400 million during the financial year 2015-16. Apart from this company is also dealing in imported aerators. The company is also engaged in the contract farming and helps small & marginal farmers spread over to 10000 acres in a around Odisha & West Bengal. Contract farming includes supply of feed, seed & pro-biotics on credit and supervision of the culture by the professional marine biologist of this company, who guides these farmers for successful farming of prawns and to harvest healthy good crops. The company buyback the prawn at the prevailing market price from these farmers.

Quality & Infrastructure :-

- Standardized Grading & Weighment.
- E.I.C Approved Technologists.
- Situated at East Coast of Odisha at Balasore District.
- About 100 hectares of Aquaculture Area.
- EIC Approved Independent Ice Plant.
- Automated Headless / PUD Grading & Filth Washing Machine.
- Ice Plant Capacity of 60 MT per day.
- Fleet of Refrigerated & Insulated Carrier's.

Future :-

Magnum Estates Limited has just commissioned a most modern & state of the art processing plant with a capacity to process more than 1000 MT of prawns and shrimps per annum along with a cold store capacity of 300 MT of finished goods. The plant is situated at Baharam Gadi which is in Chandipur, Balasore. The Company has Block Ice & Tube Ice of Capacity 78 MT/DAY.

MAGNUM
IN COLLABORATION WITH YOU

MAGNUM SEA FOODS LIMITED
AN ISO 22000, BRC AND BAP CERTIFIED COMPANY

EXPORTER OF FROZEN SEAFOOD PRODUCTS

VIEW OF OUR PROCESSING FACTORY

Magnum Sea Foods Ltd has emerged as one of the leading exporter of quality seafood products since 2003. Magnum Sea Foods Ltd, started with a modest turn over of INR 30 million in the year 2003 & expects to clock a turn over exceeding INR 4000 million jointly with associate company in the fiscal 31st march 2017.

The Company aims to reach INR 10000 million by the end of 31st march 2020. The Company is the sole Merchandiser of extruded prawn feed manufactured by Sheng Long Bio-Tech Int'l. Co. Ltd, Vietnam & achieved a turn over of INR 1100 million during the FY 2015-16. The Company also deals in high quality Bleaching powder manufactured by Sree Rayalaseema Hi-Strength Hypo Ltd. A.P. The company has recently commissioned an MPEDA approved Aquaculture project near Bahabalpur, Balasore.

Magnum Sea Foods Limited has taken a Prawn Hatchery on long term lease at Chandrabaga, Konark for producing prawn seedlings. The Company is successfully running the same for the last one year and meeting the requirement of aquaculture of farmers in Odisha.
